

On two wheels through the Nordics: A climate-neutral voyage of discovery from Zurich to Stavanger

Travel group

Average age: 22

Number of participants: 4

Education: Bachelor students (economics, health sciences, architecture).

Priority of needs

Have fun

Get to know cultures

Be active / do sports

What makes your trip climate friendly?

In order to make our trip as climate neutral as possible, we have chosen the bicycle as our main means of transportation. The ride through the idyllic landscapes and along the coast will not only be a sportive challenge, but will also give us the opportunity to experience the beauty of nature up close. For the return trip, we will switch to public transportation, such as trains, to further reduce our CO2 emissions.

Framework

Bike: route to Stavanger, Norway by bike

Public transport: use public transport in case of complications and return journey

Overnight stays in youth hostels

10 weeks trip
